

Announcement of launching new flooring product (First homogeneous vinyl sheet from TOLI)

We are proud to announce that new products will be launched on JUNE 20th, 2018.

Products to be launched are “HITOE GRANZA” and “HITOE FINE” which are homogeneous vinyl sheet with premium design. The pattern can be continuous throughout a layer because of homogeneous structure and also these have suitable performance for healthcare and educational facilities; high durability and easy maintenance.

■ Homogenous vinyl sheet with No-Wax performance **HITOE GRANZA / HITOE FINE**

【Performance】

1. The pattern can be continuous throughout a layer because of homogeneous structure
2. Higher vinyl contents; abrasion resistance and easy maintenance
3. Anti-bacterial performance throughout a layer
4. TOLI JOINT SEILED (seamless joint finishing method) available

【Design】

<HITOE GRANZA>

Abundant and elaborated “Non-directional chip design”; neutral colored chips and transparent chips mixed.
Useful 17 color variations; such as gray, beige and accent colors which harmonize gently with all spaces.

<HITOE FINE>

Unique and elaborated “Non-directional chip design”
Sophisticated 9 color variations; such as gray, beige and stylish accent color tone.
